

THE EDMONTON CAPITAL REACHES THE HOMES OF THE BEST BUYING CLASSES OF EDMONTON AND VICINITY

JUSTICE SCOTT ACCEPTS THE TASK

EDMONTON CAPITAL REACHES THE HOMES OF THE BEST BUYING CLASSES OF EDMONTON AND VICINITY

Unsettled occasional showers today
EDMONTON, SATURDAY, JUNE 6, 1914.
No. 134

BELIEF IS STRONG THAT A LARGE FIELD IS NEAR EDMONTON

Local People Invest Heavily
in Concern to Drill Next
Week.

UNUSUALLY MARKED INDICATIONS EXIST Company Owns Rights Absolutely and Will Pay No Rentals.

The feature of the oil market during the past few days has been that Edmonton investors, while having great faith in the Calgary fields, are looking more and more to fields nearer home, most of them believing that Edmonton will be the center of the largest permanent flow, which certainly exists in some part of the province, than Calgary, no more promising the latter makes and how good it may eventually prove.

One of the chief reasons for this view of the situation is that the Edmonton district, while in the wet gas belt, is not as near the mountains as Calgary and, therefore, the strata, under which oil is found, are broader, longer and more regular, and are thus more probable to be held down a greater supply of the fluid. The opinion of such recognized oil experts and geologists as John O. Williams, who has been connected with most of the central and northern Alberta fields and probably is better acquainted with them than any other single individual, and Dr. John A. Allen, professor of geology in the university of Alberta and one of the most prominent geologists in the continent.

Maritime Company Close In One of the nearest prospective oil fields to the city is that on which development will start next week, a few miles east of Leduc, where the Maritime Petroleum Company, Limited, of the Victoria block, first street, and El Dorado avenue, has obtained outright the gas, oil and mineral rights on property owned by Charles Lupton, a resident of very wide experience to have absolutely the best indications of any he has ever seen, from the southern part of the province to the delta, in every part of which he has drilled, in addition to other parts of the continent.

In fact, Mr. Lupton was so struck with the oil prospects of the district that he is drilling for water there, recently that he quietly, with Norman L. MacDonald, the well known development broker, secured the oil, gas and mineral rights for the land and is now proceeding to develop it before the Vikingan drill can get down to the oil.

Owens Rights Absolutely.
A unique feature of the company with they first formed, along with other prominent local people, the Maritime Petroleum Company, Limited, is that it possesses the oil rights outright and will pay no rentals to the government. This is brought about by the fact that the owners of the land, whom they purchased the rights, decided it before the present regulations, which withhold the gas, oil and mineral rights, came into force. This also is fully proved by the fact that the company should tend to make additional profit for the company.

The fact that the mud volcanoes in the district are very prominent, mud volcanoes are mounds of mud that rise up from below the surface. Experts state that they are the surest indications of oil. Wet gas, which is found in this section, is found in greater than 200 feet, is also those associated with oil, going to show that there must be oil under the ground at that point. Of course, not all but drilling, which the company has started in three or four days, will tell how far down the oil is, or whether it will be found in paying quantities or not. But this is certain, oil is associated with the wet gas and mud volcanoes are there, unusual, but not.

Shares Are Active.
The first issue of shares has been put on the market by Robertson Davidson, 112 Jasper avenue east, and his agents. The par value is \$1 per share and this first issue is being sold at 100 cents. This morning Mr. MacDonald, who secured the rights with Mr. Lupton, and is one of the company's directors, stated that the shares have a fair market sale, probably because of the comparatively small capitalization, \$50,000, the absolute ownership of the

J. D. HYNDMAN TO BE ONE OF NEW ALBERTA JUDGES

M. S. McCarthy, of Calgary, and W. C. Ives, of Lethbridge, to Get Other Judges Handed Out From Ottawa—Three Prominent Conservatives to Be Recognized—J. C. F. Bown, K.C., and James Muir, K.C., Calgary, Were Also in Running.

The announcement of three new Alberta judges to be appointed from Ottawa will be made very shortly. It is understood that it has been decided that the three judges will be J. D. Hyndman, of Edmonton, M. S. McCarthy, of Calgary, and W. C. Ives, of Lethbridge.

The bill providing for the appointment of additional Alberta judges was mentioned in connection with the appointments, these being J. C. F. Bown, K.C., city solicitor of Edmonton, and James Muir, K.C., of Calgary. While these gentlemen were in the running it is understood that the party services of the other aspirants, stood in their favor.

J. D. Hyndman is a respected member of the legal profession in this city and partner in the firm of Hyndman and Hyndman, barristers. Mr. Hyndman is a prominent conservative and unsuccessfully contested Edmonton in the conservative interests in 1908. For two years, 1910 and 1911, he served as an alderman of the city. He is a member of the Edmonton hospital board.

HON. JUSTICE SIMMONS WILL UNDERTAKE 2,000 MILE TRIP IN NORTHERN ALBERTA.

Arrangements Completed for Visit of Supreme Court Judge to Fort Vermilion, Where Murder Case Is Awaiting Trial—Party Will Travel by Rail, Boat, Auto and Snow and Will Have R.N.W.M.P. Escort—Judicial Districts to Be Re-arranged.

The northern journey of the supreme court this summer, in order to try a case of murder at Fort Vermilion, 800 miles due north of this city, will, it is announced, be made by Hon. Justice Simmons of Calgary. Mr. Justice Simmons has signified his willingness to undertake the journey and will start about July 15. His lordship will be accompanied by Crown Prosecutor R. B. Cowgill and a court reporter, who will also act as clerk. The party will have an escort from the R.N.W.M.P. They will proceed by rail to Sawdridge, on the Edmonton, Dunvegan and D.C. railway, and will travel from thence to Ground by steamboat. From Ground the party will take overland to Peace River Crossing, and from there will travel by river boat to Fort Vermilion.

The trip will be the first time a judge of the supreme court has gone north, although Judge Noel, of the judicial district, has made the trip each summer for several years past. The case at Fort Vermilion requires the presence of a judge of the supreme court, but the judge undertaking the trip will also undertake the district court work which requires a judicial district judge. Therefore, no go north this summer.

The journey also will be the first time a judge of the supreme court has gone north, although Judge Noel, of the judicial district, has made the trip each summer for several years past. The case at Fort Vermilion requires the presence of a judge of the supreme court, but the judge undertaking the trip will also undertake the district court work which requires a judicial district judge. Therefore, no go north this summer.

Death Taxes Contention.
Yarmouth, June 6.—One of the oldest residents of Canada has just passed away in the person of Remi Le Blanc, aged 100 years and five months. He died at Abrams river, in this country.

Shares Are Active.
The first issue of shares has been put on the market by Robertson Davidson, 112 Jasper avenue east, and his agents. The par value is \$1 per share and this first issue is being sold at 100 cents. This morning Mr. MacDonald, who secured the rights with Mr. Lupton, and is one of the company's directors, stated that the shares have a fair market sale, probably because of the comparatively small capitalization, \$50,000, the absolute ownership of the

FOREST FIRES DO DAMAGE TOTALING MANY THOUSANDS

J. C. Lay Returns From Northern Trip and Tells of Progress.

GROUND IS IMPORTANT TRANSPORTATION CENTER Large Numbers of People Heading for Dunvegan and District.

"Thousands of dollars' worth of railway ties and other property were destroyed by the forest fires in the north during the past two weeks," stated J. C. Lay, general manager of the At Line Transportation company, who has just come back from a trip as far as Ground this morning.

"We fought the fires for six hours one day near Sawdridge and on both the up and down trips on Lesser Slave lake the smoke was worse than the average fog. The people of the north will surely welcome this rain."

Asked as to the progress being made by the towns of Smith, Sawdridge and Ground, Mr. Lay replied that they were all showing evidences of healthy and rapid growth. Ground, through which hundreds of people are passing on their way to the Peace River country, is fast assuming the aspect of a young city, the business streets being of pretentious proportions.

Both Sawdridge and Ground are quite important as shipping centers. Sawdridge is at the eastern end of the lake and the eastern end of all navigation which lies on the lake alone. It also has the E. J. and H. C. railway. Smith is the name of the new railway town, opposite River Landing, on the Athabasca river. It is a divisional point on the road, and at that point a modern steel bridge is being struck across the river, which is expected to be finished by July 1.

Ground, at the western end of the lake, will be the meeting place for "rail and mail" is built into the town this year. At present it is the point where all those going north and west transfer from the boats being run by the various lines to the auto and rail stages for Peace River Crossing, Dunvegan and other points on and near the Peace. Mr. Lay states that the heavily large numbers are going to Dunvegan and district. There are many buildings of all kinds under construction at Ground.

The Air Line Transportation company's boat, "The Lily of the Lake," is on the run between Ground and Sawdridge, where it makes connections with the Dunvegan train. There has been a very large increase in the shipping traffic on Lesser Slave lake over last year.

WIRE TO ST. JAMES SETTLES QUESTION OF POLICE CHIEF

"George Hill, St. James, Man. You are appointed chief constable. Report as soon as possible." Signed, J. D. SCOTT. "Commissioner Safety and Health." This telegram, sent from Commissioner Hill's office at 5 o'clock yesterday afternoon, definitely settled the much mooted question as to who shall head the Edmonton police department. Chief Hill informed commissioner Booth before his departure for St. James, New Brunswick, that should he receive the appointment he would report for duty within ten days.

"There is little to add to what has already been said," Commissioner Booth stated today, "I simply reaffirm the statement that Chief Hill is the man for the place and that in my belief he will make the city of Edmonton as unexcelled for police efficiency as even the most austere person will be unable to find fault. There is little need to praise Chief Hill's efforts. His action will speak for him."

"Mother Ship" Launched.
Quebec, Mass., June 6.—The submarine tender Fulton, launched at the Fore River Shipbuilding company's yard today is the first of her type in the United States Navy. She will be equipped with heavy oil engines. The tender is to be used in connection with a division of submarines. She is about 225 feet long and her speed is estimated at about 14 knots an hour.

TYPE OF HUERTA'S IMPRESSED "VOLUNTEERS"

LARGEST REWARD NOW OFFERED FOR ACTUAL MURDERER OF CHIVAS

The sum of \$800 has been placed on the murderer of the late James Chivas. Justice of the peace, who was shot at Amisk last Saturday. This announcement was made this morning by Superintendent Wroughton of the R.N.W.M.P. For the two men of the trio, \$200 each is offered. It was decided to apportion the \$1,200, \$600 of which has been put up by the provincial government and \$600 by the division, in this manner instead of making a straight reward of \$400 for each of the individuals. The other two, while escaping from arrest, it appears, were apparently not directly parties to the crime, although in company together, hence the object of placing the premier sum on the head of the actual perpetrator.

Hundreds of posters are now being printed furnishing the descriptions of the three given to the authorities. These will be distributed, and also broadcasted to be posted in conspicuous places throughout not only the provinces of Alberta and Saskatchewan, but also in Manitoba as far east as Winnipeg and in British Columbia to the Pacific coast.

The most minute description yet given of the culprit who committed the foul deed is as follows: Height, 5 feet, 7 or 8 inches; clean shaven, stout build, age between 25 and 30; dark eyes, hair and complexion; clothing dark brown with a little light grey running through it; wore belt and dark green shirt that looked almost black; soft felt hat, dark in color and had a hard bad looking

SPECIAL SESSION ALDERMEN CALLED MONDAY MORNING

Council Considered Certain to Confirm His Appointment to the Place.

MAYOR WANTS IMMEDIATE AND QUICK INVESTIGATION

Inquiry Includes Police and Municipal Departments Since Amalgamation

Justice D. L. Scott has accepted the commission to conduct the investigation of police and municipal governments reaching back as far as the combining of the two cities in February, 1912. His appointment, however, is subject to the ratification of the city council and Mayor McNamara has called special meeting of that body for 11 o'clock Monday morning.

Justice Scott's letter of acceptance follows: "Dear Sir:—In reply to your letter of this date I beg to state that in view of the statement of the chief justice that I am the only judge at present available for holding the investigation, authorized by the city council, and your statement that it is important that it should be proceeded with at an early date, I think it would be my duty to undertake the work in case the city council should see fit to appoint me for the purpose."

"Sincerely yours," (Signed) D. L. SCOTT. To W. J. McNamara, mayor. With the councilman's confirmation of Justice Scott's appointment on Monday, a certainty, the investigation demanded by the Citizens' league will begin at once. It will enter into every phase of civic government and will prove or disprove the rumors of protection of illegal resorts, petty graft and other irregularities in civic and police administrations since the junction of the two cities, that have long troubled the city.

Mayor McNamara this morning reiterated his statement of yesterday that it is his desire that the investigation be commenced and completed as soon as possible. He expressed his pleasure that Justice Scott had seen fit to accept the appointment and the notice of a special council meeting to confirm the selection of a presiding officer was at once sent out to all members of the council.

"I have nothing further to say," the mayor stated, "other than that the investigation will be conducted as thoroughly and as speedily as possible. It but remain for the council to confirm the appointment. The work will then be taken up at once."

THROAT CUT FROM EAR TO EAR, STILL MAINS YET ALIVE

Dastardly Attack Made by Robbers Upon Laborer at Manistee, Mich.

F. PELKY SET UPON AND THEN THROWN IN RIVER

Assailants Inflict Over a Dozen Slashing Wounds—Work of Thugs.

East Grand Forks, June 6.—Slashed in a brutal manner about the head and shoulders, suffering from a dozen or more wounds, several of them deep, Frank Pelky, a laborer of Manistee, Mich., was thrown into the Red River by his three assailants Thursday night, but he still lives. He had been set upon by robbers, three or four blocks from the point where he had been bed of his money, cut up and dragged to the river and dumped in.

Pelky managed to grab hold of bushes overhanging the edge of the river, and finally pulled himself onto the bank.

Sail From South Africa.
Capetown, Union of South Africa, June 6.—The ship "The Earl of Castle Stewart," male representative of the Royal Stewards of Scotland, died today aged 77. As he left no sons he is succeeded in the title by Andrew John Stewart, a cousin.

The late peer was owner of \$6,000 acres and possessed a fine collection of old masters in Stuart hall, Tyron, Ireland.

STOCKYARDS TO BE LOCATED NEAR THE PACKING DISTRICT

Aldermanic Committee Votes to Purchase Land in Santa Rosa or Mount Lawn.

PROTECTION FOR PRESENT PLANTS
Believe Blocks Can Be Bought for Trifle Over Valuation Placed by Assessor.

Stockyard area of not less than 40 or more than 100 acres, situated either in the Santa Rosa district between the present packing plants, or in the Mount Lawn survey between the Fort Saskatchewan trail and the Canadian Northern tracks, is proposed by the aldermanic committee on stock yards. At a meeting of the committee yesterday afternoon Mayor McNamara introduced a resolution thus locating the site and instructing the engineering committee to obtain property and to the drafting of the necessary plans. Alderman Campbell, chairman of the committee, and Alderman Sheppard and May were the only members in attendance. Alderman May voted with the majority while Alderman Sheppard voted no.

Mayor McNamara believes that 40 acres can be purchased at about \$100,000. He declared that he had already obtained an option on a corner lot in the vicinity at a price of \$1,000, only \$10 above the assessed value. He said, in his opinion, can be purchased at an average price of \$20,000 a block.

Alderman Sheppard objected to the proposed site on the ground that it did not contain a large enough block. He believed that the Kennedy site, a half mile from the present packing district, was more suitable since an area of 100 acres could be purchased, sold at a smaller price than would be paid for a smaller area in the Santa Rosa or Mount Lawn districts.

"It is hardly fair to those packers who are bound to come into Edmonton to leave them in a worse position than they are now," he declared. "Another thing that causes me to favor the larger area is the fact that the adopted by the farmers' association. This organization will have much to do with the success or failure of the installation and its members have voted for a large area yard."

"I can see no reason why we should carry a large amount of land in order that coming packers may be provided with sites," Mayor McNamara stated. "There will never come a time when any packing plant can not obtain a site in the proposed vicinity since the district is available for hardly any other purpose."

"I do not believe that it would be wise to place packing companies who have already established plants in Edmonton to establish yards at a considerable distance from their plants in anticipation of coming packers. They are here and are an asset to the city. It seems to me that it is up to us to protect them."

Both Mayor McNamara and Alderman May dwelt on the street car service, held, several times, the committee that are already at hand in the Santa Rosa and Mount Lawn districts and declared that a vast sum of money would have to be expended to bring similar improvements to the Kennedy location.

Alderman Sheppard stated that he had no intention of submitting a minority report to the council for consideration.

"But," he added, "I reserve the right to vote as I see fit when the time comes."

HUMOR IS GRIM IN MEXICAN SITUATION BETWEEN LEADERS

Rebel General Tells Federal President That He Should Not Hurry His Departure as He Wants to See Him and Will Be With Him Soon—Huerta's Hand Strengthened.

Vera Cruz, June 6.—President Huerta is now in daily communication with General Francisco Villa, according to a report brought here by a refugee, but the character of the communication is somewhat unconventional. General Villa, according to the report, recently sent out one of his lieutenants with the federal lines, who tapped a telegraph wire and sent to Huerta a message in which Villa called his enemy various unpleasant names and urged him not to hasten his departure from the capital, as Villa was very anxious to see him before he left. Villa requested Huerta to wait, declaring that he soon would be in the capital.

President Huerta, according to the story, appreciating the grim humor of the situation, gave orders that any similar messages should not be with held, but delivered to him immediately. Since this order was given, according to the refugee, has not dis appointed Huerta one day. Though the wording of his messages are always said to be more vituperative than the other, the daily receipt of these messages is said to have become something of a palace joke.

The refugee who related this story said that Huerta's hand had been strengthened by the receipt of ammunition from the Ypiranga and Bazarra and that he now laughs at the idea of resigning. The refugee declared the president was far from being a bankrupt, saying that in one bank alone he had \$2,000,000. The refugee said the members of

BODIES OF THREE EDMONTON VICTIMS ARE NOW IDENTIFIED

Quebec, June 6.—According to Coroner Jolicoeur, the number of unidentified bodies here is about 40, which means that about 128 out of the 188 brought up from Rimouski have been claimed.

Today's identifications were: Miss Jennie Newton, Toronto, identified by W. Cook, her nephew. Laura Thaffry, identified by Mrs. Denkwater, Kamloops, B.C. Mrs. George Bolton, Toronto, identified by her sister-in-law, Mrs. Cassenden. Mrs. Stevenson, 2256 James street, Edmonton. T. Scott, baby and Thomas Usher Scott, identified by R. Purvis, Edmonton. Mrs. Scott's body has not yet been covered.

SUFFRAGETTES BURN HANDSOME MANSION IN CAMPAIGN FOR VOTES

London, June 6.—The campaign of the arson squads of militant suffragettes continued today, when the women set fire to and destroyed a fine mansion near High Wycombe, in Buckinghamshire, about 40 miles from London. The mansion was filled with valuable furniture and objects of antique art. The usual suffragette literature was found about the grounds. The house adjoined the historic parish church, which is believed to have been the real objective of the women, who were, however, unable to obtain admittance. The incendiary fire in considered part of the plan of the militant organization to give the people of England no rest until the parliamentary vote is granted to women.

Cobalt, June 6.—In a fire which took this morning destroyed the Welch block and Golden City hotel, H. M. Welch, proprietor of the building, and one of the pioneers of Fortynine camp, was burned to death in his bed.

WM. MAGADAMS, EDITOR. W. R. WILSON, MANAGER.
EDMONTON CAPITAL
 OFFICE OF PUBLICATION—DAILY CAPITAL BLDG., 623-625 SECOND ST.

THE TRUTH ABOUT THE OIL SITUATION.

Some Canadian papers, both in the east and in the west, the latter of which especially should encourage the development of anything which promises to become so vitally important, to not only Canada but all humanity, as the oil industry, have, ever since the drilling was undertaken by progressive Albertans in the Calgary fields, thrown cold water, so to speak, on the whole project.

Now that oil has been found, beyond any shadow of reasonable doubt, they have tried to minimize the importance of the strike, and in some cases even renewed with redoubled vigor their efforts to prevent people from investing in the stocks of oil companies, of whatever nature, good, bad or indifferent.

Some of these papers give a little publicity through their news columns as possible to the Calgary oil situation, unless it be of a kind which tends to prove that the supply is not a large or permanent one or that the Dingman well was "doctored." Others go the length of printing absolutely no news which might in the least degree even make people think of Calgary oil as a reality, and refusing to accept any advertising from anybody and of any kind whatsoever, as long as it looks like Calgary oil.

These papers give varied reasons for their unusual action, none of which have been able to stand water so far. One is that it is a bad thing for "the town" in which the paper happens to be published for those wishing to invest in oil stocks to send their money away. It does not apparently matter, according to these papers, whether or not it is a good thing for the man who is investing his money or not, as long as it allegedly is a bad thing for "the town."

Another alleged reason is that bad companies as well as good are being formed and offering stock. Even if this were true and even if it were true that the men publishing a news paper hundreds or thousands of miles away from the oil fields were infallible in their judgment as to the good and the bad, why should they seek to punish the good as well as the allegedly bad companies?

The fact that oil has been discovered near Calgary is a good thing for Calgary, for Alberta and for the dominion as a whole, but it is a particularly good thing for those who invest their money in those companies which strike oil in commercial quantities. Which companies will do so one knows. Just as likely as not some of the companies which are now condemned by sundry people and papers by the term of "wild cat" and other epithets, will strike oil, as similarly so-called unsafe and unbusiness-like companies have done in other fields.

That some will lose money through investments in oil stocks no one denies, just as some lose money in every business on earth. However, it is well known that oil has made probably more millionaires out of poor people in a short time than any other form of investment. If someone had not been found to risk money in oil at some time and in some place the world would still be without oil today.

The fact cannot be denied, at any rate, that oil has been found in the Okoloks field. It cannot be denied that some have already made money, despite the fact that they were warned not to "sink" their money in oil wells months ago. It is almost a certainty that money will also be made by investors in some of the newer companies, and, although there is some risk in any form of investment, people should not let the anti-oil hysterics of a few papers run away with their sane judgment in oil investments or any other question.

THE POSTAL LIBRARY SCHEME

A postal library league has been formed in Lethbridge, which has for its object the establishment of a postal library for Canada. The scheme is a new one, and is worth considering. The object is to utilize the 13,000 post-offices in Canada to bring the people of Canada into closer touch with the world's best literature, and so increase the intelligence of the citizens. The thought of the promoters is that the new scheme would be a marvelous help to the hundreds of thousands of homes which are far removed from any cities or towns where public libraries exist. The proposal is to establish a library at each post-office, the size of the library to depend upon the number of people to be served. If any individual desired a certain book he would simply send a postal card to his nearest post-office, and the book would be delivered as soon as possible. If the smaller library did not have the books, it would draw upon a larger one.

The government itself would supply the books, but there would be a small fee for each book, and this fee would make the institution self-supporting. It is proposed to absorb all other libraries into this one great government institution. It is estimated that an initial expenditure of \$10,000,000 would provide 10,000,000 books, and an additional \$5,000,000 would provide for extra expense of housing, etc.

No doubt a host of objections will arise in the minds of many, and it may be that the scheme will upon examination be found to be impracticable or too costly, but all will agree that the idea is a praise-worthy one, and if the scheme can only be made workable without being too expensive it should prove to be a great public benefit. And if the scheme as suggested should prove unworkable, it may be that some modification of it may be within the range of possibility.

ACCOMPANIMENT OF BORDEN RULE

In the month of April, 1913, the total revenue of the Dominion amounted to \$12,145,455. In April, 1914, the total revenue stood at \$9,848,998. In other words, there was a decrease of \$2,296,457, or more than 18 per cent. The greater part of the decrease came in the falling off in customs revenue, an indication of a continued drop in Canadian trade. For months past there has been a great and steady decline of Canadian trade, and the April figures indicate that this accompaniment of Borden rule continues markedly evident.

The Adventures of Kathlyn

By Harold MacGrath.

(Copyright, 1914, by Harold MacGrath)

CHAPTER XXII—Continued.

They found the village wide awake. The parish dogs were howling, and on making inquiries it was learned that a tiger had been prowling about for three or four nights, and that they had set a trap cage for the brute. The colonel and Bruce at once assumed charge. The old sett returned with all its vigor and alertness. With Kathlyn and Pundita decided to join the expedition, though Pundita knew nothing of arms. Now, this village was the home of the nine brigands, and whenever they were about they dominated the villagers. They were returning from a foraging expedition into the hills, and discovered the trap cage with the tiger inside. Very good. The tiger was no use to any but themselves, since they knew where to sell it. They were in the act of pulling the brush away from the cage when they heard sounds of other people approaching. With the suspicion which was a part of their business they immediately ran to cover to see who it was. Instantly the chief of the brigands discovered that these new arrivals were none other than the white people who had given him and his men a superdrug and thereby muddled them out of the sacred white elephant which he had brought them a fortune. Unfortunately, the man of Kathlyn's party had made the tiger a sign from the chief's surroundings. The chief, who found themselves nicely caught.

The natives fled incontinently. So did Bala Khan's camel men. "Death if you move!" cried the chief. "Ah, you gave us had opium, and we dropped the load of opium!" He raised his rifle threateningly. "What you want is money." "Ah, money! Ten thousand rupees!" "It shall be given you if you let us go. You will conduct us over the hills to the sea, and there the money will be given you."

The chief laughed long and loudly. "What! Am I a goat to put my head inside the tiger's paw? Nay, I shall hold you here for ransom, and then bring gold. Now, take hold!" Indicating the trap cage. "We shall take this one man—under arms, of course. You are speaking to you, white men, and you, people of a Hindu! Chai! I will kill anyone who follows, especially you. You shall pay for my headache and the sickness of my comrades. Chai! And you white men, you shall give a ransom of her own!"

The village jolted out into the desert under the fashion of a peacock fan. On the west of it lay another stretch of sand. They followed the verdure till they reached the base of the rocky hills which were barren of any vegetation; huge jumbles of granite the color of porphyry. During the night they made about ten miles, and at day were smothered by one of those raging sand-storms, prevalent in this latitude. They had to abandon the trap cage and seek shelter in a nearby cave. There they remained huddled together till the storm died away.

"It has blown itself out," commented the chief. Then he spoke to Ramahai. "Who is this man?" with a nod toward the colonel.

"He is an American."

"He came for Alahai?"

"Yes," said Ramahai, unsuspiciously. "Hut. Then that great price did not lie."

"The Prince Durga Ram. Three fat loads of silver, he said, would he pay me for the white hunter with the white hair. It is the will of Alahai!"

The colonel had sunk upon his knees. Kathlyn rattled his revolver. "Father, I tell you mind not the mouthings of a vile guru. We shall soon be free."

"Kit, this time, if I return to Alahai, I shall die. I feel it in my bones."

"And I say no!"

The chief turned to Ramahai. "You and the woman with you shall die day, two comrades of the five you borrowed from Bala Khan. You will journey at once to Alahai. But do not waste your time in stopping to acquaint Bala Khan. At the first sight of armed men of these left shall die in your tiger cage."

"We refuse!"

"Then be first to taste the tiger's fangs!"

The chief called to his men to seize Ramahai and Pundita, when Kathlyn interfered.

"Go, Ramahai! It is useless to fight against these men, who mean all they say, and who are as cruel as the tiger himself!"

"It shall be as the memmahai says," replied Ramahai reluctantly.

One morning Umbahai entered the judgment hall of the palace, disturbed in mind—anonymous notes, bidding him not to persecute Ramahai and his wife further on pain of death. He had found these notes at the door of his zenana. In his studies, on his pillow. In his heart he had sworn the death of Ramahai; but here was a phase upon which he had set no calculation. Had there not been unrest abroad he would have scorned to pay any attention to these warnings; but this Ramahai—may he burn in hell—was a power with the populace with low and high caste alike. For the first time, now that he gave the matter careful thought, his own future did not look particularly clear. More than ever he must plan with circumspection. He must trap Ramahai, openly, lawfully, in the matter of sedition.

(To be continued on Monday.)

A unique institution has been recently inaugurated in Providence, R.I., by B. F. Gilbreath, a well-known efficiency engineer, who has started a museum for the exhibition of all kinds of devices which contribute in any way to the elimination of fatigue among industrial workers.

CITY SAVES MONEY BY CONSOLIDATION OF ITS PUBLICITY

Commissioner Hall Believes Seven Thousand Dollars Have Been Saved.

NEW INDUSTRIES BEING SECURED FOR THE CITY

Wall Board and Building Paper Factory Will Build a \$350,000 Plant.

Before the engagement of an industrial commissioner, the sum of \$18,000 was given to the Edmonton board of trade for publicity purposes and to carry on Edmonton's share of the work of the Central Alberta Development League, an organization formed for the purpose of promoting the growth of all towns and districts that fairly may be considered as belonging to Edmonton's trade territory. This zone has been fixed as to boundaries for the purposes of development work proceeding from Edmonton and extending to Red Deer on the south, the Saskatchewan boundary on the east, the British Columbia boundary on the west and Athabasca on the north. In 1912, \$10,000 was spent for Edmonton's share in Central Alberta development work, \$5,000 being for Edmonton city publicity and \$5,000 for the industrial commissioner's department.

Consolidation Saves Cash.

Consolidation of the several funds, and the work done by each of them, has resulted in a saving of about \$7,000 per year and that without impairment of the work done. In fact, the impartial inspection of the work of the industrial commissioner's department shows that more work has been done for less money and that far greater results have been obtained and determined.

Already, this year, an industry of the greatest importance for Edmonton has been secured through the work of the department. This is a factory for making wall board and building paper. Practically all manufacturers have been made for the starting of this project and the financing of the project is in the hands of a British syndicate that has handled a number of similar propositions with singular success. The plant will cost \$250,000 and will employ from 75 to 100 men and use waste from sawmills and paper mills for making its product, large and increasing quantities of which are consumed in the western market.

The industrial commissioner's department has several other factory propositions in hand with good prospects.

bled to DEATH

Tried to trim a wart with a razor and severed an artery. The only wart cure is "Putnam's," which removes warts, corns, calluses in one day. Instant on getting Putnam's Corn and Wart Extractor, it's best, 25c at all dealers.

pects of securing them for Edmonton.

Undoubtedly, this has been accomplished by hard, systematic and intelligent work. No trouble has been too great, no detail too trifling, to be shouldered or passed up by Edmonton's industrial commissioner or his assistants. Every person who goes to this department with any color of reason, and some who have not even this—treated with the same care and attention. A man with a big industrial proposition or a laborer who says he has not been able to get his case of real or alleged grievance adjusted elsewhere, a farmer with thousands or a poor man in search of a parcel of the free land that western Canada deals out so generously—each gets the attention his case requires, generally to the end of satisfaction for all concerned.

In the matter of keeping open house, the industrial commissioner's department is peculiar. Among the several departments of civic work, regular hours for civic offices are open from nine in the morning to five in the afternoon, with an hour for lunch. In the industrial commissioner's office, however, the department from eight o'clock to eight-thirty and closes it at six o'clock. During the intervening time the offices are open continuously and at the service of all who wish to use them. All other departments of civic work take the Saturday half holiday; the industrial commissioner's office is open until six o'clock on Saturday, just as it is on other week days.

FIFTEN THOUSAND AT MEMORIAL SERVICE FOR EMPRESS VICTIMS

London, June 6.—One of the most impressive scenes ever witnessed within the walls of London's vast hall: those tonight at the Royal Albert hall, where a public memorial service, for those who had lost their lives on the Empress of Ireland, was held by the Salvation Army. Some immense hall with its capacity of 16,000 people, was filled to the doors, chiefly with Salvationists and friends, but also a large number of the general public.

DISCUSSING GENERAL PLAN WHILE WAITING CARRANZA'S ANSWER

Niagara Falls, June 6.—Still without any intimation of what General Carranza's answer would be on the question of constitutional representation here, the mediators and the American and Mexican delegates spent their time yesterday working out details of the general peace plan. There were no conferences.

GROWING FOXES IS AN EXCEPTIONALLY PROFITABLE TRADE

One of the most profitable occupations established in Canada is the raising of black foxes for breeding purposes and for the fur trade, according to Colonel Smith of Prince Edward Island, who is spending a week in Edmonton. Mr. Smith is interested in one of the many corporations on the island whose business is the breeding and sale of the animals.

These foxes bring enormous prices when sold, he declared. "The pups usually sell for \$15,000 a pair, and we have paid as high as \$11,000 for a single female fox. The record price for the island was \$32,000 for one pair of exceptionally fine animals."

"The occupation is profitable, moreover, from a fur selling standard alone, since the fur brings high prices on the market. One fur in London was sold for \$260."

FARMING INTERESTS TO BE REPRESENTED AT C.M.A. MEETING

Regina, June 6.—In the person of Chas. A. Dunning, general manager of the Saskatchewan Co-operative Elevator company, for the first time in the history of Canada representative of the agricultural interests of the west will appear by invitation at the meeting of the Canadian Manufacturers' association, which is to be held this year in Montreal on June 5, 10, and 11. Mr. Dunning's subject will be "Western Agricultural Problems." In their invitation the manufacturers expressed a desire to foster a better understanding between the farmers of the prairies and the manufacturers of the east.

ORGANIZED LABOR GIVEN SANCTION OF CHURCH SYNOD

Bloomington, Ind., June 6.—A committee report declaring that "labor is right to organize, but not to use systematically secret methods, or to enter a conspiracy to injure property and the welfare of the community," was adopted by the synod of the Reformed Presbyterian church of the United States and Canada which is in session here.

"Less than living wages are a sign of wrong," continued the report. "The way a man gets his living often determines many of his relations in life, his relations to the church. Wages should be in proportion to productivity."

ROYAL YEAST

Make Rich Fox Find. Kamloops, B.C., June 4.—W. U. Homfray and A. E. Axten made a rich discovery in the Walcham district recently when they captured a silver black fox (vixen) and five cubs, which are one month old.

Newark, N. J., is to vote on commission government proposals.

A TRIP TO PANAMA

THE CAPITAL wants every one of its readers to take a trip to the GREAT PANAMA CANAL and see the wonders of this mighty achievement. You say you can't spare the time. All right, then we'll bring the Canal TO YOU—all in one BIG volume, filled with PICTURES of ACTUAL SCENES never before published, described in words that hold you spellbound. Read on, and learn how you may get this magnificent book—this complete story of Panama in picture and prose—

Not merely a picture book, but an educational work of rare interest to every member of the home.

FOR \$1.20 ONLY

Art plates reproduced from water-color studies abound throughout the entire magnificent volume.

Every progressive man, woman and child is eager to know all about the Panama Canal and the remarkable country through which it passes. Realizing this fact several hundred newspapers have arranged to take an enormous advance edition of the most elaborate and complete illustrated history of PANAMA AND THE CANAL, published by the Syndicate Publishing Co., of New York City.

This company is eminently fitted to issue such a work at a minimum cost. It has heretofore supplied through daily newspapers millions of high-class dictionaries and other books.

THE CAPITAL is the one paper in this section through which PANAMA AND THE CANAL IN PICTURE AND PROSE can be had. The plan outlined below tells you how to get this only complete Panama Book ALMOST FREE.

The large volume is twice the size of an ordinary novel; it is a most handsome book, stamped in gold, with beautiful color panel on front cover, showing the famous Culebra Cut; it contains 450 large pages filled with interesting information of rare educational value to every reader. The illustrations are modern works of art, covering every important scene in the Canal Zone; they include 16 water-color plates with more than 600 photographic studies.

Presentation By The EDMONTON CAPITAL

Willis J. Abbot, the versatile writer on international subjects and author of many books of history and travel, spent months in Panama and the Canal Zone in the preparation of this volume. He collected at first hands the complete history of the great Canal, with a wealth of historical data concerning Panama which has never before been written. The result is a human interest story of this beautiful land and its people from the early days when Columbus tried to find a natural waterway from the Atlantic to the Pacific, down to the present time.

Special staff photographers made the hundreds of beautiful views which illustrate practically every page of this exhaustive book.

The well-known artist, E. J. Read, made the sixteen sumptuous water-color studies which are reproduced by the latest color processes on specially made paper.

The Panama Canal, the greatest engineering achievement of the world's history, cost more than

\$400,000,000

It links the two greatest oceans, and becomes the most important factor in peace and war. So where is the red-blooded inhabitant of this globe that does not feel vitally interested in it? Truly it is the wonder of this progressive age!

PANAMA and the CANAL in PICTURE and PROSE

The greatly reduced illustration printed below shows less than half the size of the large illustrated volume.

The Most Unusual Canal Scenes Described in Word Pictures That Fill You with Astonishment at the Wonders of this Great Undertaking

It tells you of the people of Panama and the Zone—their dress, their homes, their work and pastimes.

Learn How You Can Get This Beautiful Volume Almost Free

Compared to other similar standard books it is

Fully Worth **\$4.00**

and will be sold at this price after the present edition has been distributed. This unheard-of value to our readers represents more than an 80 per cent. saving.

HOW TO GET IT

In another column of this paper is printed daily a Panama Certificate. To get Panama and the Canal in Picture and Prose at less than the usual cost of printing and binding, clip and present

6 PANAMA CERTIFICATES OF CONSECUTIVE DATES

to this office as named therein, with the expense amount herein set opposite the style selected (which covers the items of the cost of packing, express from the factory, checking, clerk hire and other necessary EXPENSE items), and receive your choice of these books:

Panama and the Canal in Picture and Prose \$4 Illustrated Edition

This beautiful big volume is the acknowledged standard reference work of the great Canal Zone. It is a splendid large book, printed from new type, large and clear, on special paper; bound in tropical red vellum cloth; title stamped in gold, with inlaid color panel; contains more than 600 magnificent illustrations, including beautiful pages reproduced from water-color studies in colorings that far surpass any work of a similar character. Call and see this beautiful book that would sell for \$4 under usual conditions, but which is presented to our readers for SIX Certificates of consecutive dates, and only the

Expense Amount of **\$1.20**

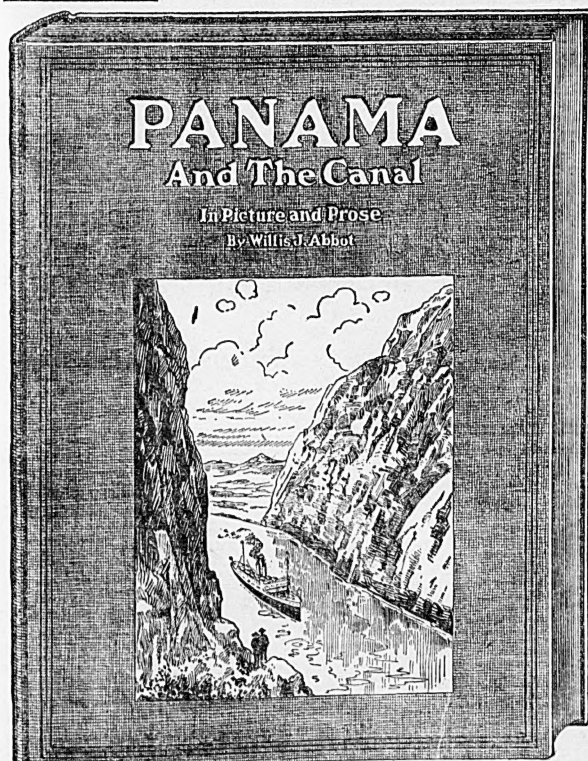

Sent by Mail, Postage Paid, for \$1.50, and 6 Certificates

Panama and the Canal \$2 Octavo Edition

Regular octavo size; text matter practically the same as the \$4 volume; bound in blue vellum cloth; contains only 100 photographic reproductions and the color plates are omitted. This book would sell at \$2 under usual conditions, but is presented to our readers for SIX Certificates of consecutive dates and only the

Expense Amount of **50c**

Sent by Mail, Postage Paid, for 70c and 6 Certificates

Greatly Reduced Illustration of the \$4 Volume—Exact Size 9x12 Inches

Mail Orders, Address: THE CAPITAL, EDMONTON, ALBERTA, CAN.

CLIP YOUR FIRST PANAMA CERTIFICATE FROM THE SECOND PAGE OF THIS ISSUE

NEWS OF THE CHURCHES

The following program will be given at the Salvation Army memorial service in the Pantages theater Sunday evening at 7 p.m. The theater will be draped with purple and white, and the service will be given by the Salvation Army hymns.

Wish Anniversary Services
A wish anniversary service will be held at the Mackay avenue school, corner of Fourth street and Mackay avenue, at 7 p.m. The school of Edmonton should feel particularly encouraged by their great contributions to church work during the year.

McDougall Methodist Church Announcements
On Sunday the pastor, Rev. Dr. Armstrong will preach at both services. In the morning he will speak on "The Tragedy of the Empress of Ireland." At the evening service he will take for his theme "The Community Conscience, a Study of Local Conditions." It will be seen that both these subjects are most timely, and the auditorium of the church will probably be packed to hear Dr. Armstrong. For this reason he will urge everybody to come early in order to secure a good seat. The music at both services will be of the highest order.

Sunday, June 7, will be Sunday school anniversary services in connection with the Eastwood Methodist church, corner of Kinnaird street and Dawson street, at 10 a.m. and 2 p.m. Sunday school was organized in a tent, with a membership of 14. The rapid growth of that section of the city, and the faithful, aggressive work of the officers of the church and Sunday school is shown in the present enrollment of 276. The Rev. J. P. Westman, field marshal of the Sunday school, will preside at the services. The Rev. J. P. Westman will be the special preacher for the day. A special children's service will be held in the morning at 11 o'clock, an open session of the school at 2 p.m., when Rev. D. H. Taylor, the organizer of the school, will preside. The Rev. J. P. Westman will be the special preacher for the day. A special children's service will be held in the morning at 11 o'clock, an open session of the school at 2 p.m., when Rev. D. H. Taylor, the organizer of the school, will preside.

WAS A CONFIRMED DYSPYPTIC

Now Finds It a Pleasure to Enjoy Meals

There is a case which seemed as bad and as hopeless as yours can possibly be. This is the experience of Mr. H. J. Brown, 411 Belmont St., Toronto, in his own words:

"Gentlemen—I have much pleasure in mentioning to you the benefit received from your Na-Draco Dyspeptic Tablets and am cheerfully recommending them. I am fully satisfied and confirmed dyspeptic with all the advertised symptoms, and tried about all the advertised cures with no success. Yet I have in Na-Draco Dyspeptic Tablets the best curative agent I could find. It is now such a pleasure to enjoy meals with their consequent nourishment that I want to mention this for the benefit of others."

The fact that a lot of prescriptions or so-called "cures" have failed to help you is no sign that you have got to go on suffering. Try Na-Draco Dyspeptic Tablets and see how quickly this sterling remedy will give you relief and start your stomach working properly. It does not help you get your money back, it does what your druggist's compound does in the National Food and Chemical Company, Limited, Montreal.

REMARKABLE CURE
OF RHEUMATISM

Sept. Of Sunday School in Toronto
Cured By "Fruit-a-tives"

By Mrs. J. Davies, Mrs. D. Griffiths, Mrs. Hanford, Messrs. D. J. Thomas, H. J. Hughes, Edgar Williams will suffer from rheumatism. The Sunday school children will also take part with their songs and recitations which they have been learning with pride for some weeks past, and for their sake in particular, we would encourage them, it is to be hoped that the hall will be filled to its capacity.

Not particularly that these services will be held at the Mackay avenue school, corner of Fourth street and Mackay avenue, two blocks south of Jasper avenue.

Sunday services at Erskine Presbyterian church, corner Carry and Willow avenue, will be held at 11 a.m. and 7 p.m. Sunday school at 2:30. The subject for the evening service will be "Church and Play." The pastor, Rev. J. E. Ducas, B.A., will conduct both services.

McDougall Methodist Church Announcements

On Sunday the pastor, Rev. Dr. Armstrong will preach at both services. In the morning he will speak on "The Tragedy of the Empress of Ireland." At the evening service he will take for his theme "The Community Conscience, a Study of Local Conditions." It will be seen that both these subjects are most timely, and the auditorium of the church will probably be packed to hear Dr. Armstrong. For this reason he will urge everybody to come early in order to secure a good seat. The music at both services will be of the highest order.

Sunday, June 7, will be Sunday school anniversary services in connection with the Eastwood Methodist church, corner of Kinnaird street and Dawson street, at 10 a.m. and 2 p.m. Sunday school was organized in a tent, with a membership of 14. The rapid growth of that section of the city, and the faithful, aggressive work of the officers of the church and Sunday school is shown in the present enrollment of 276. The Rev. J. P. Westman, field marshal of the Sunday school, will preside at the services. The Rev. J. P. Westman will be the special preacher for the day. A special children's service will be held in the morning at 11 o'clock, an open session of the school at 2 p.m., when Rev. D. H. Taylor, the organizer of the school, will preside.

FRUIT-A-TIVES is sold by all Dealers at 50¢ a box, 6 for \$2.50, trial size 25¢, or will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

was appointed to the general conference, which meets this year at Ottawa, in September. Rev. W. A. Lewis, Dr. Fiddell, Prof. C. E. Hild, Rev. T. C. Buchanan, Rev. G. G. Webster, Rev. Thomas Powell, P. E. Butchart, W. W. Chown, W. Weeks, and H. H. Crawford.

The young ladies class, of Wesley Methodist church, will have charge of the church service on Sunday evening, June 7, at 7:30 p.m. The service will be held in the church, and music will be furnished by the young ladies' choir. Young ladies will be asked to bring a range of other details of the service.

In Grace Methodist church tomorrow the Rev. Thomas Powell, ex-president of the Alberta conference, will deliver the sermon on "The Making of a Nation," giving views of our own land from all parts of the dominion.

At the pre-conference service at Westminster Presbyterian church last night, 15 were received by certificate and five by profession of faith. Rev. D. Campbell was in charge of the service and Rev. D. N. McNeil was the preacher.

Rev. W. A. Lewis, the new president of the Alberta Methodist conference, and the Rev. J. P. Westman, who attended the recent conference at Calgary, have returned to the city, and report a most successful gathering.

The following Edmonton gatherings will be held: In Metropolitan Methodist church, on Sunday morning, Rev. C. H. Huebner, secretary of the Lord's Day Alliance, will preach. In the afternoon at 3 p.m. the Rev. H. J. Hughes will address the Bible school, speaking especially to the children. The evening service, Rev. H. J. Hughes will speak, taking for his subject "Christianity—Ever New." There will be suitable music.

The subject of tomorrow's lecture at the New Thought Temple will be "The Faith That Heals." The lecturer will aim to show that the conditions of mental healing are the same today as in the days of Jesus and the apostles, and that the position is greater.

At the Unitarian church, corner of 16th street and Jasper avenue, Rev. C. P. Potter will preach tomorrow morning at 11 a.m. on "Little Wine Folk." At the People's Forum in the evening, at 8, Alderman J. A. Clarke will discuss "The Moral Law on Rent and Interest and its Application to Modern Conditions."

Rev. C. E. Rogers will preach at Southside Methodist church, Riverside, tomorrow morning, Sunday school and adult Bible class at 3 p.m. In the evening, at 7:30, the Rev. D. N. McNeil will deliver short addresses on "Some aspects of the recent conference held in Calgary."

The evening service at Wesley Methodist church corner of 16th street and Jasper avenue, promises to be one of the best that has been held in that church for some considerable time. The young ladies Bible class is responsible for the special effort to make this service more inspiring than usual. The entire service, except for the hymns and prayers, will be conducted by members of the class. Under the direction of Miss Maude E. Waterman there will be a young ladies' choir of about 25 voices; a solo will be sung by Miss Higgins, and a duet by Miss Lillian Taylor and Miss Higgins. The reading of the lesson and giving out the hymns will be undertaken by members of the class, and there will be young lady soloists. A very large attendance is expected.

Noted Physician Passes
Boston, June 6.—Dr. Amos Lawrence Mason, formerly professor at Harvard, and for 25 years senior physician at the Boston City hospital, died today from heart failure at Menands, New York, while on his way to Canada for a fishing trip. He was 72 years old.

FRATERNAL NEWS AND NOTES.

Court Beaver House No. 7566 of the Ancient Order of Foresters, meets every first and third Tuesdays in the month, in the Cameron hall, corner of Griekbach street and Nanaimo avenue. This court at their last meeting decided to pay an official visit to Court Bonnie Doon, (a new court which has been opened on the south side), on Monday evening, the 8th or 9th of June. Court Beaver House has decided to go on the 14th July to Cooking Lake, and it is hoped that Bonnie Doon will fall them. All Foresters in Edmonton are invited to go over to Bonnie Doon on Monday and help the new court along, and don't forget Court Beaver House on the 14th of July.

The regular meeting of King William R.P.P., No. 808, will be held in the Oddfellows hall, over the Quebec Bank, on Monday evening, at 7:45 p.m. Besides the regular business the initiatory degree will be conferred. Visitors are cordially welcomed.

A special meeting for the purpose of instituting a new Orange lodge in the west end of the city will be held in the basement of the Robertson Presbyterian church, corner of Athabasca and Twenty-third streets, on Monday evening, at 8 o'clock. All those interested should make a special effort to be present. Visitors from the other lodges are cordially welcomed.

All arrangements are completed for the special train to carry the Orangemen of Edmonton and their friends to Calgary on Saturday, July 11th. It is expected that the celebration this year will surpass all others.

Strathcona Royal Black Preceptory, No. 654, will hold a Red Cross degree meeting on Tuesday, June 9th, at 8 o'clock, in the Strathcona Orange hall. Members are specially urged to attend this meeting. Visiting Sir Knights welcomed.

Strathcona Loyal Orange Lodge, No. 1651, will hold its regular meeting in the south side Orange hall, on Thursday, June 11, at 8 o'clock. Arrangements are being made for the Royal Arch Purple degree to be exemplified.

Edmonton County Royal Scarlet Chapter will open on the 11th inst. and meet for business on Tuesday, the 16th inst., in the Strathcona Orange hall, at 8 o'clock. Brethren wishing exaltation should send their applications in without delay. Address: Secretary, box 4576.

Norwood Lodge No. 41, I.O.O.F., will meet on Monday night at 8 o'clock in their hall on Norwood boulevard. A full attendance is requested. Visiting brethren welcome.

Namayo Lodge, No. 47, I.O.O.F., held regular session on Monday evening last, and the degree lodge exemplified the initiatory degree.

Monday evening next, the degree lodge of Namayo Lodge, No. 47, I.O.O.F., will confer the first degree. In their hall, corner of Namayo avenue and Griekbach street. A good attendance of members is requested at this meeting, as important business will be transacted.

Maple Leaf Encampment, No. 19, I.O.O.F., met in regular session on Thursday evening, in the Namayo Oddfellows hall. The inclemency of the weather decreased the attendance and only a brief session was held. What was the attraction afterwards.

Jewel Rebekah Lodge, No. 25, I.O.O.F., held regular session on Thursday evening in the Norwood Oddfellows hall.

Fids of the West Lodge I.O.G.T., held its usual meeting on Thursday evening in the Blue Moon tea room. The members are planning to hold a picnic in conjunction with the other city lodges on Dominion Day.

The committee is anxious that all the other lodges should co-operate as much as possible and it is hoped that every Good Templar in the city will keep this in mind and attempt to be present.

The monthly social meeting will be held on Thursday, June 11, at 8 o'clock. A debate has been arranged on the subject: "Resolved, That Capital Punishment should be Abolished." Bro. Riddell, C.T., and Bro. Farn will support the affirmative, and Bro. Todd and Bro. Scott the negative. There will also be suitable music.

It All Started From a Bad Cold

Watford Man Found Relief in Dodd's Kidney Pills.

Mr. Robt. Taylor, Sr., After Suffering for Two Years, Tells of the Benefits He got from Dodd's Kidney Pills. "Watford, Ont. June 5.—(Special.) Mr. Robert Taylor, Sr., a very unattractive man living here, is telling his friends that he is in his back from which he suffered for some time, has disappeared, and that he gives all credit to Dodd's Kidney Pills. "My trouble started with a cold," Mr. Taylor states, "and though I was treated by a doctor I got no relief. I had cramps in my muscles and stiffness in my joints, my sleep was broken and disturbed, and I was perspired freely with the least exertion. I had attacks of rheumatism and sciatica. Then I tried many medicines I found no relief till I tried Dodd's Kidney Pills. I must say they were a great benefit to me."

Mr. Taylor's trouble came from his kidneys. The diseased kidneys failed to strain the urea out of the blood and the result was as he has stated, Dodd's Kidney Pills put the kidneys in working order, the urea acid was strained out of the blood, and his troubles went with it.

Capital City Oils Ltd.
With The Men Behind It

Now offer the public its FIRST ISSUE of 100,000 Shares at 25 cents par value \$1.00.

From present indications, the first issue will be taken up next week, the second issue will be placed at a big advance. A word to the wise is sufficient. Get under cover while the prices are low.

Our location is excellent, being surrounded by the holdings of several of the largest Oil Co's. in the Okotoks district where oil has been struck. Don't wait for the next strike and then wish you were in.

EX-WARDEN OF SIMCOE
COUNTY MEETS SUDDEN
DEATH NEAR ALLISTON

Barrie, Ont., June 6.—Robt. H. Jupp, engineer for the county of Simcoe, was instantly killed near Alliston yesterday afternoon. When inspecting work on a new county bridge being constructed in Alliston, between Alliston and Cookstown, he fell through a hole in the flooring, and dropped a considerable distance to the hard ground. Deceased was ex-warden of the county, and on one occasion unsuccessfully contested Ed. Simcoe for the legislature against J. H. Tudhope.

Bows to Premier's Request.

London, June 6.—Sir R. Munro-Ferguson, the newly-appointed governor-general of Australia, has accepted Premier Cook's request for the dissolution of both senate and house of representatives consequent upon the former's rejection for the second time in two successive sessions of the bill forbidding a grant of preference to blondes in employment for government work.

EDMONTON RAIN; A COLLISION; THREE ARE DEAD

Kamsack, Sask., June 6.—The passenger train from Edmonton to Winnipeg met in head collision with the freight train from Kamsack previous to the passenger reaching here from the west. They apparently should have met at the siding at Cote but the passenger train pulled past the siding. They met on a curve and the engineers of each train could not see each other until almost together as the curve is on the face of a hill. The engineer and brakeman of the freight train saved their lives by jumping after doing all that could be done to avert the collision. The fireman of the passenger train jumped and was not injured, the engineer, James Harold, of the passenger train was seriously injured but he remained at his post until he had been killed. The freight train was also killed as well as express messenger, Donaldson.

The freight crew worked faithfully hunting for the second mail but word was sent to the scene of the disaster at about 7:30 this morning that the mail clerk was on the passenger train last night. This brings the number of dead to three. The brakeman of the freight train was cut about the head and some other injuries but was able to walk a mile from the scene of the accident. The conductor of the passenger train secured and manned the mail car and came back to Kamsack and reported the wreck. The yard engine was standing close to the depot and the mail car was immediately rushed with medical aid to the west. Everything possible was done to relieve those who were suffering and they were brought back to town and conveyed to the Cottage hospital and the recovered body of the express messenger placed in the Parish hall. The body of the mail clerk was recovered from the wreck shortly before Engineer Arnold expired and was brought back to town.

A peculiar coincidence in this connection is that No. 2, the Edmonton-bound freight train, was wrecked at this point between one and two years ago, but that time the cars left the only and rolled down the bank. Dauphin, Man., June 6.—The following list of the injured in the Canadian Northern head-on collision at Cote, Sask., is given out here:

J. A. Smyth, fireman of No. 2, slightly injured.
E. J. Smith, fireman of No. 201, severely injured.
George Ferguson, brakeman of No. 201, slightly injured.

W. H. Messier, conductor of No. 201, slightly injured.
R. Berking, engineer of No. 201, jumped, escaping injury.

Both trains are understood to be badly wrecked. Two fatalities are working and passengers will be transferred and are expected to reach Dauphin at about 10 o'clock this afternoon. Official reports show that no passengers were injured in the wreck.

Major Outhill will inspect school cadets.

The annual inspection of the 150th Edmonton Public School Cadet Regiment will be conducted by Major Outhill, commanding No. 12, Calgary, commencing June 8th. The following is the time table of the inspection at each school:

Monday, June 8—Norwood and H. A. Gray school, 9 a.m. at Norwood; 2 p.m. at Victoria school.

Tuesday, June 9—9 a.m. at Scots high school; 10:30 a.m. at King Edward high school; 2:00 p.m. at Victoria high school.

Wednesday, June 10—9 a.m. at McKay avenue school; 1:30 p.m. at Queen's avenue school.

Thursday, June 11—9:00 a.m. at Alexander school; 1:30 p.m. at Oliver and Westmount school.

Friday, June 12—9:00 a.m. at Alex Taylor school; 1:30 p.m. at Parkdale and Highbush school.

Tuesday, June 16—9:00 a.m. at Ritchie school; 1:30 p.m. at Rutherford school; 4:30 p.m. at McCauley school.

The bugle band will parade in uniform at the Victoria high school on Tuesday and Thursday evenings at 7 p.m. until further orders.

H. Kennedy, Lieut. Adjutant.

TWO G.T.P. MEN DIE

AS RESULT OF SOUTH FORT GEORGE BLAZE

Port George, B.C., June 6.—Two men were killed in a fire which destroyed the Palace Hotel, South Fort George, at three o'clock yesterday morning. The dead:

Bert Moody, Grand Trunk Pacific timekeeper.

There were many narrow and thrilling escapes. The fire threatened the hotel, but stopped after the hotel had been destroyed and a second-hand store, two houses and several small buildings had been torn down to prevent it from spreading. Sixteen rooms lost everything. The loss is \$25,000.

CHURCH PLANS BIG CATHEDRAL FOR THE CLOSE OF CENTURY

Winnipeg, June 6.—A big congress of the Anglican church to inaugurate the whole of Canada is planned for Winnipeg for 1914. The object is to stimulate interest for the work of the church and pave the way for the building of a magnificent cathedral in Winnipeg in 1920 to mark the 100th anniversary of the establishment of the Church of England in the Canadian west. The question was discussed at a meeting of the executive of the diocese here, Rupert's Land yesterday and the idea met with considerable favor. Further plans will be gone about with.

Degrees are conferred.

Toronto, June 6.—At the convocation of Toronto university held yesterday the following honorary degrees were conferred:

L.D.S., Prof. Alfred Baker; Chancellor Bowles, Victoria University; Prof. John Watson, Queen's University; and Prof. R. B. Wilton, Dalhousie College.

Doctor of science—R. R. Rutt and F. T. Shutt.

To Present Comedy.

The students of Edmonton Junior college, 15th street, will give an amateur performance of Moore's comedy "The Bourgeois Gentleman" next Thursday evening at 8 o'clock.

TORONTO MEETING THE LARGEST OF ITS KIND

Estimated That Ad Convention is Worth \$500 to Business Men.

NOTHING IS LACKING IN AMUSEMENT LINE Association Has Filled Up Train and Turned It Over to G. T. P.

All Toronto in general and the Toronto Ad club in particular are leaving no stone unturned to make the 1914 convention of the Associated Advertisers of America the biggest ever. This is the convention to which the Edmonton industrial association will run a special train, leaving here midnight one week from tonight, and on which there will be on board probably more than 200 of the liveliest men and women of this city and vicinity.

It is expected that the number who attend from other cities will be somewhere between 5,000 and 10,000. There will be large contingents from all the big eastern cities, but Edmonton should have just about the biggest of all, and will certainly have the largest delegation, at least of any city of its size. The only place on the map which should be a serious competitor in point of numbers—also enthusiasm—is Dallas, Texas.

It is estimated that attendance at the advertising convention is worth at least \$500 to any business man who goes there with the intention of getting ideas and catching impressions which his fellow business men from all the main points on the North American continent, and even from Europe, are not alone advertising men who attend and take part in the deliberations of the great body, but men having anything to do with manufacturing or distribution of goods.

The entertainment feature of the convention is not to be forgotten either. Toronto is one of the most beautiful cities in Canada, if not in the world, and she is going to outdo herself on this great occasion. Moonlight trips, auto rides, luncheons, daily band concerts, military and naval military tattoo and all forms of amusement have been arranged, in addition to the many regular attractions which are so plentiful in and around Ontario's Queen City.

It has also again got round to the glorious summer time, with low fares, excursions and other magnets to pull the masses of regular travellers, who are so plentiful in and around Ontario's Queen City.

The plan for the special train has now been turned over to the Edmonton Industrial association by the Grand Trunk Pacific, and can be seen at the ticket office of the latter, at 155 Jasper avenue. The fare for the round trip is \$48.90 with certain conditions which will be explained on application at the G.T.P. office.

Women's Shadow Lace and Net Yokes or Fronts

THESE convenient new creations daily solve perplexing problems for women who don't look favorably upon Fashion's decree for deep "V" fronts and low dresses and blouses.

They are fashioned in fine shadow lace and net in white, cream or black with high-standing collar attached; are kept in position at waist with elastic cord. Shown in a varied selection of plain or elaborate styles. Priced 35c, 55c and \$1.00 each.

FANCY GOODS SECTION

The Newest Creations in Dainty NECK FRILLINGS

COME expecting to find all the new creations the fashion journals have been harping on—We have them, besides scores of other lovely new styles that haven't had time to reach the journals.

They are mostly all in the fine accordion pleated effects in shadow lace, fine net, and plain or floral chiffon in various heights and colors. It's just surprising the "finishing touch" a few yards will give to your suit or costume. Also very essential for trimming fancy blouses and dresses. Prices, per yard 20c to 90c.

A Charming Assemblage of Women's and Misses' New SUMMER DRESSES for All Occasions Moderately Priced

THE wonderful variety of styles and the extremely moderate pricing are features in this showing of cool summer dresses that will be of great interest to women who seek exclusiveness and distinction within moderate pricing. The charming new style features rich colorings, cool dressy fabrics and the exquisite trimmings offer a widely varying choice. There are dresses for all manner of occasions priced with extreme moderation. A few of many we mention below.

At \$12.00: Cool Summer Dresses of cotton crepe, color, pink, sky or rose, featured with kimono sleeves, V-neck, and a pretty skirt, caught up with a deep tuck across the front, gathered back trimmed down each side with black silk buttons, waist trimmed with black silk ribbon, and a black silk sash, trimmed around the neck and down the front, and on the sleeves, with white net ruching; and ornamented on front of waist and back of belt with colored crepe bustle, with heavy loops. Price \$12.00.

At \$9.00: Charmingly pretty dresses of floral cotton crepe, in white with small floral designs, trimmed with touches of sky, pink, or helio to match, made in a dainty style with the gathered skirt full on the hips, though retaining the long slim effect; waist with long shoulder effect, and vest of plain white crepe, trimmed around the neck and down the front, and on the sleeves, with white net ruching; and ornamented on front of waist and back of belt with colored crepe bustle, with heavy loops. Price \$9.00.

At \$25.00: Pretty Summer Dresses, of silk crepe in pretty shades of rose, cadet and mahogany, with the pleated straight tunic, ruffled shoulders, and V-neck, trimmed down entire front with wide black buttons; a dainty cream lace collar draped with black chiffon, sleeves trimmed to match collar, and a kirtle with sash ends of black silk. Price \$25.00.

At \$25.00: Stylish Silk Crepe Dresses in shades of mahogany or black, with the double gathered tunic; waist in long shoulder effect, with wide vest front of pleated chiffon and long sleeves gathered in at the wrist, trimmed with a chiffon ruching around the neck with pointed collar of self, and wide silk buttons down the front. Price \$25.00.
